

July 24, 2015;

It is with great excitement that Shoemaker Drywall Supplies (SDS) would like to announce the opening of a second location in **South Calgary on August 4th 2015.**

This new full line facility is located a few blocks North of Glenmore Trail and minutes from the Stoney trail ring road, providing superior access to all South end jobsite traffic and deliveries.

Our goal of providing the fastest and most efficient customer service is now better achieved with the addition of this second facility as it has also allowed us the ability to rework our existing North facility to better accommodate customer flow in both locations.

Please come check out our improvements at either location. We thank you for your past support and look forward to servicing your future requirements.

The phone number for both locations stays the same: 403-291-1013

When the auto attendant picks up for the most efficient access to our high volume departments:

- | | |
|---|---|
| Press 1: To place a delivery | Press 2: To place a pickup at the North location |
| Press 3: To place a pickup in the South location | Press 4: To enquire about your delivery status |
| Press 5: To speak to the purchasing department | Press 6: for Accounts receivable |
| Press 0: For help at anytime | |
