To: Customers, Staff and Vendors

Please join me in congratulating Ryan Kurtz on his promotion to Manager of Architectural Solutions in Western Canada with Core Acoustics/WSB Titan.

Key responsibilities include working closely with architects, staff, customers, vendors, and all Titan branches to educate and drive innovative product solutions and systems in conjunction with our manufacturer partners.

Ryan will be working closely with myself, John Warrington, the Eastern division of Core Acoustics and all our staff to ensure we are servicing our clientele to the highest standards and providing innovative solutions and systems to architects and installers.

Ryan will be based out of Calgary but will have Western Canadian responsibilities and as such will be visiting each market regularly.

Ryan will officially take on his new role November 1<sup>st</sup> and will be reaching out to the architectural community shortly afterwards.

Ryan, on behalf of all the Titan divisions' congratulations on your promotion, I have no doubt you will be successful and make all those around you successful as well!

Sincerely,
