Date: February 10, 2022

WSB Titan Inc.  
50 Royal Group Crescent, Unit 2  
Vaughan, ON, L4H 1X9, CA

Attention: Mr. Steve Conroy

Dear Mr. Conroy,

The demand for aluminum continues to be very strong and aluminum supplies worldwide continue to be in short supply. Coupled with this are unprecedented aluminum price increases, double digit corrugated packaging increases, transport and logistic and labour increases. We have offset these costs as much as possible through efficiency improvements however, at this time we can no longer absorb these increases and must pass the increase on to the market.

Thus, effective March 10, 2022, we will be implementing increases on the following product categories:

- Aluminum Siding, Soffit and Accessories 9%
- Trim coil, Gutter coil 9%
- Aluminum Rain Carrying systems 9%
- Aluminum shutters 9%

Orders received on or after March 10, 2022 will be subject to the new pricing. Due to the demand for aluminum products, we will be limiting all orders to previous years' historical amounts. Orders received through March 9, 2022 with firm specification and shipped through March 17, 2022 will be fulfilled at the current pricing. Please take into account that the weeks prior to the increase are very busy shipping times, so please place your orders as soon as possible.

We would like to take this opportunity to express our appreciation for your continued support and we look forward to serving your building products requirements in the future.

Sincerely,

Wade O'Reilly  
Vice President - Sales
