November 2021

To Our Valued Customers, NaturaSeal continually works to provide high quality products and service levels to our customers at competitive prices. Over this past year in particular, our business has been hit with several direct cost changes in important raw materials, accessories and equipment. We have been in unprecedented times with rising costs, shortages and allocations.

In particular, we continue to feel immense pressure on resin-based materials. Specifically, NaturaDrain Drainage Board. As such, effective on all orders placed after December 31, 2021, we are left with no choice but to increase NS-DND700T-6.5 by 31%.

Should you have any questions regarding the nature of this notice, please contact your NaturaSeal Representative. We will continue to work hard to provide you with quality products and exceptional service levels you have come to expect.

Thank you for your continued business.

Sincerely,

Danielle Rogers
Operations and Administration
