## TO OUR VALUED CGC CUSTOMERS;

Please be advised that **effective December 1<sup>st</sup>, 2024** CGC will be updating all pallet charges as invoiced to our customers upon shipment of their orders. These amounts are subsequently credited back to our customers when the pallets are returned to our manufacturing facilities/distribution centres in good, reusable condition. This change is required due to rising inflation over the past few years and to align our charges with current costs to purchase and maintain the pallets.

### **Eastern Canada Pallet Charges**

- Current Charge.....\$25/Pallet
- New Charge (effective December 1<sup>st</sup>).....\$40/Pallet

### **Western Canada Pallet Charges**

- Current Charge.....\$20/Pallet
- New Charge (effective December 1<sup>st</sup>).....\$40/Pallet

CGC's pallet charges are notated on your invoice as follows:
