

NOTICE OF UPCOMING PRICE CHANGES

MARCH 31, 2026

Dear Valued Customer,

For over 35 years, Airfoam has been a trusted leader in EPS manufacturing, delivering high-quality insulation products with consistent performance, efficient service, and competitive pricing our customers can count on.

Market conditions for commodity-based products continue to fluctuate. Ongoing cost pressures across raw materials, energy, and transportation are impacting production and supply, requiring us to implement a price adjustment. Airfoam is announcing the following price increases:

All Airfoam product lines:	5%
-----------------------------------	-----------

These adjustments will take effect **May 1, 2026**. Current orders must be shipped and invoiced before this date, and pricing remains subject to product availability.

We remain committed to delivering value through high-quality solutions and appreciate your understanding as we navigate these industry challenges together. If you have any questions, your sales manager and our customer service team are happy to assist.

Thank you for your continued support. We look forward to serving you in 2026 and beyond.

Sincerely,

A handwritten signature in black ink, appearing to read "Raj Gill".

Raj Gill,
Vice President of Business Development
