

Dear Valued Customers,

At The Can-Cell Group, we truly value the relationships we've built with our customers and the trust you place in our products and team. We remain committed to providing consistent quality, reliable supply, and strong service to support your business.

Over the past several months, ongoing global geopolitical challenges have led to sustained increases in both raw material and transportation costs. While we have worked hard to absorb these pressures wherever possible, we are now in a position where a pricing adjustment is necessary.

Effective May 1, 2026, the following products will see the adjustments noted below:

- SOPRA-CELLULOSE INSULATION – 5%
- WALL BAR CELLULOSE INSULATION – 5%
- HIBAR SFRM – 3%

This adjustment will apply to all orders shipped on or after May 1, 2026, or in accordance with the terms of your agreement.

We understand the impact that pricing changes can have on your business, and we are committed to working with you through this transition. Ongoing projects will be reviewed individually, and active quotations will be honored in line with their validity periods. As we approach the effective date, order quantities may be managed based on historical purchasing patterns to ensure fair allocation.

Your partnership is important to us, and we appreciate your understanding as we navigate these challenges together. If you have any questions or would like to discuss your specific situation, please don't hesitate to reach out to your Sales Representative or our Customer Service team.

Thank you again for your continued support and confidence in The Can-Cell Group.

Matthew Stojan
National Sales Director
