Subject: Price Adjustment Notification

To Our Valued Customers:

For more than 90 years, Cloverdale Paint has proudly delivered consistent value through high-quality products and exceptional service. To continue upholding this standard, we wish to inform you of an upcoming price adjustment effective January 5, 2026.

The cost of producing paint continues to be affected by rising expenses, including labour, rent, real estate, and tariffs on raw materials. While we remain committed to minimizing the impact of inflation wherever possible, it will be necessary to implement a price increase of 3%–5%, depending on the product chemistry, starting January 5, 2026.

We recognize that cost adjustments can be challenging, and we sincerely appreciate your understanding. At Cloverdale Paint, we remain dedicated to ensuring stable supply, delivering high-performing products, and providing exceptional service through the passion and expertise of our employees. Our goal is to continue offering you outstanding value and reliability in every product you use.

Thank you for your continued support, for choosing to Buy Canadian, and for allowing us the privilege of serving your business.

Sincerely,

Jake Jevric
Vice President Trade Sales & Marketing
Cloverdale Paint

With home grown roots, Cloverdale Paint is truly Canadian owned & operated. Our products are manufactured right here in Canada, and our ownership and management are purely Canadian. We take great pride in our heritage and our commitment to the communities we support across our great nation.
