Dear Valued Customer,

Thank you for your continued partnership with Custom Gaskets Ltd. We sincerely appreciate the opportunity to support your business with high-quality gasket and sealing solutions, as well as PVC extrusions.

We would like to inform you of an upcoming price adjustment of 7.5%, effective on all orders placed after June 1, 2026.

Over the past several months, we have experienced significant increases in the cost of key raw materials and inputs essential to our manufacturing processes, including rubber compounds, foam products, and pressure-sensitive adhesives (PSA). Additionally, PVC pricing has risen sharply—by as much as 30%—alongside ongoing volatility in global supply chains, increased freight and logistics costs, and higher energy and labor expenses.

While we have made every effort to absorb these increases and minimize their impact, the sustained nature of these cost pressures makes this adjustment necessary to maintain the quality, consistency, and service levels you expect from Custom Gaskets Ltd.

We remain fully committed to supporting your business. We understand that pricing changes require planning, and our team is here to assist you. Please feel free to reach out to your account representative if necessary.

Thank you for your understanding and continued trust in Custom Gaskets Ltd.

Sincerely,

Dennis Mclean  
President  
Custom Gaskets Ltd.
