**June 20, 2026**

**Dear ICP Partners,**

Thank you for your continued support this year!

ICP continually strives to supply our customers with the essential roofing, insulation and construction products and we have worked diligently over the last several months to manage the rising costs by leveraging our purchasing power and implementing operational efficiencies. However, as we are all aware, there are some ongoing inflationary pressures on raw materials, manufacturing, and logistics that continue to impact our industry.

Given the current market conditions, we are adjusting the pricing on our BlackJack & HandiFoam product lines – including our Roofing, Driveway, Coatings, Sealant & Insulation products. The increase will range between 4 – 9%, depending on the segment. We will be following up with you directly to address these changes with new prices becoming effective on July 20, 2026.

We appreciate your continued support and look forward to continuing to grow your business.

Best Regards,

Greg Lemire  
Director of Sales - Canada  
ICP Building Solutions Group
