Subject: Price Increase Notice

To Our Valued Customers,

The recent changes in the geopolitical situation globally have led to rapid increases in raw material and transportation costs. Due to those unstable circumstances, SOPREMA is announcing a price increase on several of our product categories.

The products that will be affected by this price increase, as well as the applicable percentages, are as follows:

- Sopra-XPS (all products 20, 30, 35, 40, 60 and 100 psi): up to 6%

This price increase will take effect on **May 11, 2026 or at the date per the terms of your agreement**. The new price will apply to orders shipped on or after May 11, 2026, regardless of any delays caused by supply limitations. Ongoing project quotes will be processed individually. Active project quotes will be honored subject to their validity period. SOPREMA reserves the right to limit the quantities shipped by May 11 based on historical purchases.

Your revised price lists based on this increase will be sent to you by email within two weeks preceding their entry into force and will also be available through your representative or our Customer Service Department concurrently.

If you have any questions regarding this notice, please contact your sales representative OR our Customer Service Department and we will be happy to help you.

Thank you for your trust and interest in our products.

Best regards,

Richard Voyer
Executive Vice-President and CEO
