

DATE: June 9th, 2026
TO: All RESISTO clients
From : Patrick Gaudreault
VP Strategy and Innovation

Subject: Price increase notification

To our valued customers,

Recent changes in the global geopolitical situation have led to a surge in raw material and transportation costs. Due to these unstable circumstances, RESISTO is forced to announce a price increase for some of our product categories.

The products affected by this increase, along with the applicable percentages, are as follows:

- **Roof Repair Cement & Roof Coatings:** up to **7%**
- **Asphalt Surface Products:** up to **7%**

This price increase will take effect on **August 10, 2026**. The new prices will apply to orders shipped on or after August 10, regardless of any delays caused by supply limitations. Quotes for ongoing projects will be reviewed individually. Active quotes will be honored subject to their validity period.

RESISTO reserves the right to limit quantities shipped before August 10 based on historical purchase volumes.

Your revised price lists, reflecting this increase, will be emailed to you within two weeks prior to their effective date. They will also be available from your sales representative or our customer service department during the same period.

If you have any questions regarding this notice, please contact your sales representative or our customer service department. We will be happy to assist you.

Thank you for your continued trust and interest in our products.

Sincerely,

Patrick Gaudreault
VP Strategy and Innovation
