## PRICE ADJUSTMENT NOTIFICATION EFFECTIVE AUGUST 1, 2026

June 16, 2026

Dear Valued Customer,

Over the past several months, we have experienced significant and sustained increases on the cost of key raw materials, including aluminum and fiberglass, as well as higher transportation and freight-related expenses.

While we have worked diligently to absorb these increases and improve operational efficiencies wherever possible, the continued rise in material and logistics costs has made a price adjustment necessary.

Since our last price increase in November 2021, we have remained committed to providing high-quality products, reliable service, and competitive pricing. Throughout this period, we have absorbed substantial cost increases to minimize the impact on our customers.

Effective August 1, 2026, a **12% price increase** will apply to all products.

We value your business and appreciate your continued support. We remain committed to delivering quality products and services, and we will continue to monitor market conditions closely. Should material and freight costs stabilize or decline, we will review pricing accordingly.

If you have any questions, please do not hesitate to contact us.

Sincerely,

Mike Young  
President  
Sturdy Ladder Inc.
